

Introducing our Wellness Plans

At Blue Cross Animal Hospital, it is our goal to provide our patients with the best preventive health care so they can live long and healthy lives with their owners. We understand that managing the cost of pet care can be expensive and that pet parents want to provide the very best care for their furry family members but at an affordable price, from a hospital they can trust. That is why we introduced our Wellness Plans to ensure our patients do not miss important visits such as vaccines, examinations, spay and neuter surgery, Dental surgery, wellness testing flea tick and heartworm prevention and diagnostics because of cost concerns.

We customize each individual Preventive Pet Care package tailored to the individual pet, enabling our clients to provide all the Veterinary recommended care for their pets. Our packages provide care for different life stages, from puppies and kittens to senior pets, we have a plan that is right for you.

Our Preventive Pet Care Plans include:

- Examinations by a licensed Veterinarian
- Core and lifestyle vaccines based on current risk assessment.
- Once yearly wellness blood testing
- Once yearly urinalysis
- Once yearly fecal testing
- Once yearly 4DX tick and heartworm testing to check for exposure to heartworm and tick-borne diseases.
- Free Examinations for the year of the plan
- 2 free pedicures for the year
- The option to include flea, tick and heartworm prevention for adult pets with a 10% discount on your prevention.
- Spay / Neuter surgery
- Dental surgery
- X-rays as part of our senior plan

The plan arranges the cost of your pet's entire year of services and breaks them into 12 equal monthly payments. These payments are automatically charged to your credit card.

Contact our team today to discuss how a Wellness Plan can help provide the very best care for your pets at an affordable price.
